

Creative Cooking. Delicious Dining.

# UK FOOD SERVICE

# STRONG BRANDS. STRONG PRODUCTS.

Founded in 1931, Amefa's heritage has been built on the catering and food service industry and we have become one of the key players in this sector. Amefa products are sold in more than 65 countries across the globe and are the first choice for millions of homes and restaurants every day. With our brands Amefa, Richardson Sheffield, Couzon, Cuisinox, Kuppels, Paul Wirths, Lou Laguiole, Sabatier Trompette and Medard de Noblat, our products can be found on tables and kitchens all over the world.

## COUZON

With an appealing design concept, Couzon allows restaurants and hotels to upgrade for the ultimate customer experience. From the traditionally elegant to the truly modern, Couzon brings you an exceptional choice of uniquely stylish cutlery and table accessories. Couzon collections are developed as highly creative, fine tableware elements with remarkable shapes and true craftsmanship reflected in all pieces. We create sleek lines, the finest quality of materials and highlight natural elegance and beauty within our products. Capitalize on COUZON's expertise when setting your table.

When it comes to pulling out all the stops, with our Premiere cutlery we not only strive to meet, but exceed our customers' expectations. Effortlessly chic designs crafted in high quality 18 /10 stainless steel. Each piece is finished to our exacting quality standards and will give you years of exemplary service.

Everybody can dine together at the Amefa table. Choice and value go hand in hand, so you can be sure that whatever your budget, we've got a cutlery set that suits your taste. What makes Amefa stand out is our passion for lasting quality and craftsmanship. We don't cut corners and our cutlery is beautiful down to the very last detail.

## Lou Laguiole®

Lou Laguiole® signs exclusive designs on steak knives and cutlery, which combines Tradition and Modernity for daily authentic tables. We place all our know-how at the service of this unique collection.

Since 1874, Sabatier Trompette has built a reputation for outstanding cutting performance. The brand guarantees high levels of manufacturing standards throughout the manufacturing process combined of both traditional and modern technology know-how. Focusing on form and function, we use highly sophisticated materials to produce extremely reliable and functional knives for both professional and amateur chefs.

Richardson  
Sheffield  
Since 1839

Where world renowned quality and design meet; Richardson Sheffield have brought an exceptional portfolio of kitchen knives, gifts and accessories to the table since 1839. This rich heritage means that when you purchase a Richardson Sheffield product you are assured of its outstanding quality, performance, durability and value for money, as well as our continued commitment in bringing superb, on-trend design into your home, as we've done for over 175 years.

## CUSINOX

Cuisinox is a cookware brand originating in France, which enjoys a strong reputation for high performance and great value.

## Medard de Noblat Depuis 1836

Creator of porcelain and stoneware tableware, Medard de Noblat offers all the richness of its collections, dedicated to refined and contemporary tables.

# CREATIVE COOKING. DELICIOUS DINING.

At Amefa, we know all about cutlery, kitchen knives, cookware and dinnerware. After all, we've been setting tables all over the world since 1931!

Founded in 1931, Amefa's heritage has been built on the catering and food service industry and we have become one of the key players in this sector. With a young and energetic team, the Amefa group continues to grow and evolve in response to the rapidly changing demands of the industry.

Amefa products are sold in more than 65 countries across the globe and are the first choice in millions of homes and restaurants every day. With our brands Amefa, Richardson Sheffield, Couzon, Cuisinox, Kuppels, Paul Wirths, Lou Laguiole, Sabatier Trompette and Medard de Noblat, our products can be found all over the world. Over the years we have built up an exceptional reputation within the industry, but it is our local knowledge that allows us to focus on the details that matter to you.

# QUALITY AND CRAFTMANSHIP

Anyone can create a look. What really makes Amefa stand out is our passion for lasting quality and craftsmanship. We don't cut corners and our cutlery is beautifully finished down to the very last detail.

In a professional setting the performance demands placed on cutlery and knives by far exceed those of any domestic situation. It is only by insisting on the highest levels of quality that we are able to guarantee the durability and lasting performance of a product that has to deliver for you day in, day out.

Member of amfori, the leading global business association for open and sustainable trade.  
We participate in amfori BSCI.  
For more information visit [www.amfori.org](http://www.amfori.org).

Amefa work's together with SGS worldwide. SGS is the world's leading inspection, verification, testing and certification company.

# CUTLERY MAINTENANCE

## All Amefa products are subjected to rigorous quality control.

Cutlery is produced in either 18/0 chrome steel or 18/10 chrome-nickel steel. These types of steel are stain resistant. Modern dishwashing systems and todays aggressive detergents will not be harmful to your cutlery as long as you follow these guidelines.

### Stains on cutlery can be caused by:

- Insufficient cleaning or drying
- Too high a dosage of detergent
- Not rinsing the cutlery after usage so acids and salts from food products can stain or damage the cutlery.
- Contact between various types of steel like chrome and chrome nickel steel or chrome nickel steel and silver(plated) material. (contact corrosion)

### To prevent stains we advise you to follow these instructions:

- Rinse the cutlery directly after usage
- Dry cutlery by hand with a dry cloth if still moist after cleaning in the dishwasher.
- Please follow the dosage of detergents as per the instructions of the manufacturers. Very dirty dishes do not require a higher dosage of detergent.
- Follow the maintenance instructions of your dishwasher meticulously.
- To prevent contact corrosion (caused by different types of steel which come into contact with each other) we advise you to put the knives in a different basket than the forks and/or spoons.
- Place the blade of the knife upwards and the prongs of the forks as well. This causes the water to rinse off easily and to guarantee proper cleaning of the various items.
- Remove the cutlery from the dishwasher as soon as the cleaning program is finished.

### Silver plated cutlery

All silver plated cutlery is very delicate. In order to maintain its lustre for as long as possible, we advise that you clean this by hand.

# SILVER PLATED

## **Silver plated cutlery**

Silver plated cutlery is the epitome of table culture. The silk appearance of the material is unique and adapts to use on both classic and contemporary patterns. Amefa has a range of patterns suitable for silver plating, which comply with the most stringent quality demands of the industry. For the modern silver-plating process Amefa always uses the "electro plating" of silver onto the chrome nickel steel which complies with the European Standards EN ISO 8442-2. The material is as important as the finishing. We therefore only use the highest quality 18/10 chrome nickel steel.

## **Silver plating**

Amefa can offer two levels of micron when it comes to silver plating. These are:

Thickness:	24*	36*	* micron
Purity of Silver:	999+/1000 %		

# PVD COLOURED CUTLERY

This season's most versatile PVD colours bring a touch of warmth and understated glamour to the table. Expertly cut from the finest materials and polished to a sublime finish. PVD (Physical Vapor Deposition) means several layers of titanium coating were added to give the cutlery a vibrant colour that makes a true statement on any table. Whatever your choice, mirror or matt, daring black or glamorous copper, our coloured cutlery collection will be the talk of the table.

## STONEWASH

For those who like to bring something special, our stonewashed cutlery brings character and charm to your table setting. Tumbler stones create the 'aged' look that has taken its place at the modern day table. At first glance every spoon, fork and knife looks the same, but when you look closer, you will see not one item is exactly alike.

COUZON

When it comes to pulling out all the stops, with our Premiere cutlery we not only strive to meet, but exceed our customers' expectations. Effortlessly chic designs crafted in high quality 18/10 stainless steel. Each piece is finished to our exacting quality standards and will give you years of exemplary service.

Some of our ranges contain cutlery that has been forged. This means it is made from a single bar of molten steel being stretched and hammered it into a rough shape while it is still hot, compared to being stamped from the steel like most cutlery. Forging is one of the oldest and most labour intensive manufacturing methods, making forged cutlery a stronger, more premium selection.

What makes Amefa stand out is our passion for lasting quality and craftsmanship. We don't cut corners and our cutlery is beautiful down to the very last detail. We're often asked what the difference between 18-10 and 18-0, so here's the science behind the numbers.

- 18-0 cutlery is 18% chrome steel, 0% nickel.
- 18-10 cutlery is 18% chrome steel, 10% nickel.

Chrome is the ingredient that makes cutlery hard and rust resistant. Nickel enhances rust resistance and adds a real sheen. Both offer great resilience and longevity, but 18-10 gives you a superior shine.

CUTLERY  
AMEFA 18-10

# AMEFA HEALTHCARE CUTLERY

Ergonomically designed to give children and adults with gripping difficulties more confidence and dignity at the table. Our adapted cutlery range is intelligently designed, to help with various dining needs for individuals with limited dexterity, tremors and muscle issues. Our ranges can help to maintain control and independence whilst eating.

# 3010 INTEGRAL

reddot design award  
honourable mention 2015

DESIGN PLS

## The design

Designer Isabel Heubl developed Integral with great empathy after extensive studies into the circumstances and lifestyle of people with gripping difficulties. Integral combines exceptional design with outstanding functionality.

## The aesthetics

The elegant, graceful design is based on classical cutlery shapes and therefore emphasizes the normality of cutlery with only a slightly special appearance.

## The quality

Integral is an addition to the Amefa cutlery series and is produced from the finest quality 18/10 stainless steel, which ensures durability, a beautiful shine and a lasting performance. Integral is dishwasher safe.

## The function

The bullet shaped handle fits perfectly into the palm of the hand and makes it easy to hold.

1. The flattened top of the blade makes it easier to apply pressure when cutting.
2. The lean transition from handle to bowl allows you to hold it in various positions.
3. The light curve at the edge of the blade allows a rocking motion when cutting.
4. The elevated handle makes it easy to pick up the cutlery from flat surfaces.
5. The flattened bottom of the handle ensures the cutlery stays put.

# 4 GOOD REASONS TO CHOOSE SLIM

## ECO-LOGIC

Amefa uses its expertise as a cutlery specialist to offer an alternative to disposable plastic cutlery with a range of ecological stainless steel cutlery that responds **economically, qualitatively and ergonomically** to the different needs of the market.

## RE-USABLE

Strong cutlery that can be washed and reused many times. Stainless steel is a **very hygienic and imperishable** material that withstands shocks.

## NEUTRAL

Stainless steel **does not spoil the taste** of food. It does not generate any waste nor any environmental toxicity.

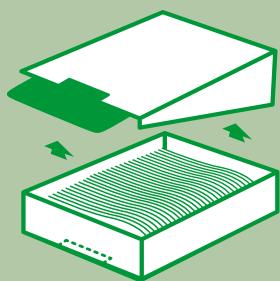

## RECYCLABLE

Stainless steel, a **100% recyclable** material. This stainless steel cutlery must be brought to a recycling center to be recycled properly.

## A SHELF-READY PACKAGING EASY TO DISPLAY IN « DISPOSABLE » SHELVES

## THE GOLDEN RULES

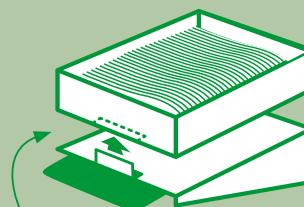

1 / Do not discard the lid

2 / Unfold the strip

3 / Insert the strip under the display

The lid serves as a stand for the display

## A SUCCESSFUL SET UP

## NEW SHELF STOP SIGN

## SABATIER

### TROMPETTE®

Since 1874, Sabatier Trompette has built a reputation for outstanding cutting performance. The brand guarantees high levels of manufacturing standards throughout the manufacturing process combined of both traditional and modern technology know-how.

Focusing on form and function, we use highly sophisticated materials to produce extremely reliable and functional knives for both professional and amateur chefs.

Richardson  
Sheffield  
Since 1839

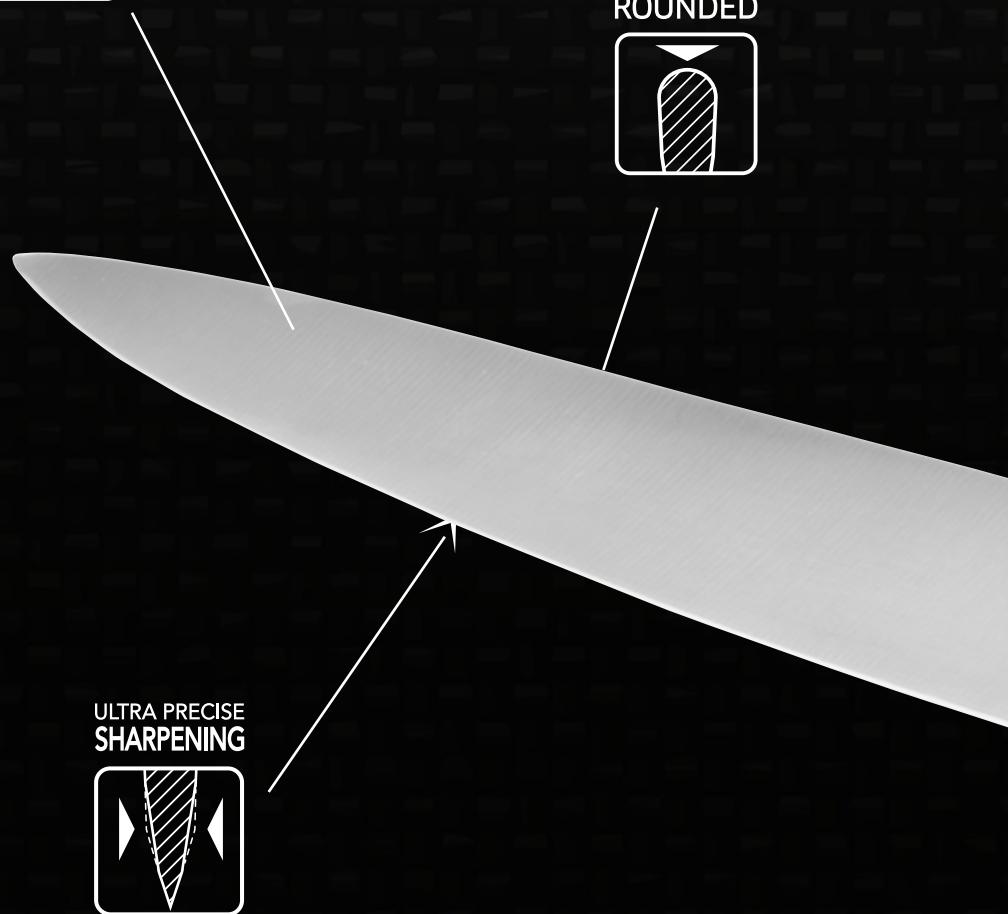

Where world renowned quality and design meet; Richardson Sheffield have brought an exceptional portfolio of kitchen knives, gifts and accessories to the table since 1839.

This rich heritage means that when you purchase a Richardson Sheffield product you are assured of its outstanding quality, performance and durability.

# TECHNICAL SPECIFICATIONS

All the SABATIER TROMPETTE blades are made of a high-quality steel perfectly adapted to a professional and intensive use. The molybdenum vanadium (MOV) increases the hardness and the flexibility of the blade to keep optimum cutting performances through the time. MOV is also easier to sharp.

The rounded back of blades guarantees a better comfort of use.

BACK OF BLADE  
ROUNDED

ULTRA PRECISE  
SHARPENING

The cutting edge of the SABATIER TROMPETTE blades fits all the professional requirements.

At the very end of the production process, the SABATIER TROMPETTE knives benefit from a manual leather polishing of the blade edges. This careful operation enhances the cutting performances and guarantees an excellent finishing.
