

# MERRYCHEF®

## UK Price List (GBP) High speed ovens and accessories

Valid from 1st Sept 2023, until further notice

[www.merrychef.com](http://www.merrychef.com)

*Expanding Your Opportunities*

# MERRYCHEF®

With over 70 years' experience Merrychef is the world's expert in designing and manufacturing high speed ovens.

Our state-of-the-art factory, based in Sheffield, UK, has the flexibility to customise orders, build to demand and distribute globally, allowing us to become the brand most trusted by global fast-food operations and coffee chains.

We offer best in class performance quality, energy-efficiency, product reliability as well as unrivalled service and chef support.

## *All of our Merrychef ovens feature the Merrychef DNA:*

**Fast.** Up to 80% quicker than a conventional oven.

**Compact.** Largest cavity to footprint ratio, limited counter space needed.

**Easy to use.** One touch pre-programmed menus, image driven controller.

**Quiet.** Doesn't disturb service.

**Ventless.** Integrated catalytic converter absorbs grease. No extraction hood required.

**Cool-to-touch.** No surrounding installation space is needed, fits anywhere.

**Versatile.** Streamlines kitchens, one appliance only to cook, toast, grill and reheat.

**Plug & play.** Limited installation costs, options for low power plugs.

**Easy to clean.** Easy access front facing air filter. Smooth surfaced cavity.

**Energy efficient.** Fast heat up and cool down times, low energy usage on standby.

## **Merrychef accessories**

Placing food on Merrychef approved liners and trays will help keep your ovens clear from food and grease and reduce cleaning time. The different colours available allows you to avoid cross contamination of food and quickly switch between food products.

The true versatility of the Merrychef ovens is realised through the unique Signature range of professional accessories that are available from egg moulds to dumpling trays.

## Connectivity

The new Merrychef conneX® range has Wi-Fi and ethernet connection as standard allowing you to manage and monitor your ovens as well as push menus remotely with the advanced Welbilt KitchenConnect® software.

## Merrychef oven cleaner and protector

Your Merrychef oven should be cleaned every day to maintain and keep it running smoothly. Brush away any food or debris from inside the cavity with the red brush, use the blue brush around the door seal and for any baked on food there is a scraper. The pipe cleaner brush is to clean the steam vent pipe accessible from inside the cavity.

▷ **Blue brush (soft bristles)**  
Part no: **32Z4190** **£17**

▷ **Red brush (hard bristles)**  
Part no: **32Z4189** **£17**

▷ **Pipe cleaner**  
Part no: **32Z4188** **£15**

▷ **Scraper**  
Part no: **32Z4191** **£9**

▷ **Oven cleaner**  
6 x 750ml (1 box)  
Part no: **32Z4024** **£68**

▷ **Oven protector**  
6 x 750ml (1 box)  
Part no: **32Z4025** **£124**

Our specially formulated cleaner is non-abrasive and if used regularly, will quickly cut through any grease or food debris built up on your Merrychef oven.

After cleaning we recommend you thinly coat your oven with the Merrychef oven protector to provide a barrier against further build-up of grease and make regular cleaning quicker and easier.

# Choosing the right Merrychef oven

Merrychef is proud to have a global culinary team to support your business. The popular pre-programmed recipes on all our ovens have been tried and tested by our dedicated team of chefs so you can deliver consistent, high-quality food, simply by pressing a picture in the oven's cookbook. Further support is available for training and customising menus.

The right oven for your business, is usually determined by what food items are on your menu and the speed of service your operation needs to provide. Below are a few examples of food items and the cook time differences between our ovens.

## Chilled Pizza, pre-baked, thin crust

conneX 12 HP	1 min 15 secs
conneX 12 SP	1 min 45 secs
conneX 12e	2 min 20 secs
eikon e3	3 min 30 secs

## Open chicken panini

conneX 12 HP	30 secs
conneX 12 SP	45 secs
conneX 12e	50 secs
eikon e3	2min 15 secs

## Reheat jacket potato

conneX 12 HP	1 min
conneX 12 SP	1 min 30 secs
conneX 12e	1 min 30 secs
eikon e3	1 min 45 secs

## Chicken breast without skin

conneX 12 HP	2 min
conneX 12 SP	2 min 15 secs
conneX 12e	2 min 30 secs
eikon e3	3 mins

## Thick cut chips

conneX 12 HP	3 min
conneX 12 SP	3min 30 secs
conneX 12e	3 min 50 secs
eikon e3	4 mins

All cooking times may vary depending on quality and quantity of food.

Merrychef ovens are UL listed ventless and use catalytic converter materials within them to absorb grease from food and odour. Using approved accessories such as trays with lids to reduce fat splatter, regularly wiping clean accessories between cooks and following a daily cleaning regime will help keep the cavity clear of grease build-up and help keep your oven running smoothly.

# Arrives offering complete peace of mind

*Your satisfaction with our products is of paramount importance to us. With over 70 years of experience in designing and manufacturing high speed ovens you can be assured of a high quality, precision built appliance.*

*The Merrychef range has a built-in self-diagnostic system with full warranty and service support for peace of mind.*
